## **BOOK SYNOPSIS**

"Opening with an examination of what elder abuse is, Amanda Phelan sets it in a theoretical context and looks at assessment and approaches to the issue in residential and community care environments. The book then presents a range of country studies, which provide an overview of the context of elder abuse in the country and a discussion of related policy, legislation, research and practice. Countries covered include Ireland, United Kingdom, Spain, China, Australia, Kenya, Israel, Canada and the United States, whilst a regional chapter looks at South America. A concluding chapter draws together cross-cultural comparisons and provides some guidance as to best practice"--Publishers website.
