## **BOOK SYNOPSIS**

Few bands have as widespread global appeal as Iron Maiden. This up-to-date book showcases the band in all its beastly glory. Formed in 1975 by a young, East London bass player named Steve Harris, Iron Maiden went on to become one of the most successful heavy metal acts in history. With an estimated 85 million albums sold worldwide, the band remains hugely popular. Iron Maiden is the updated edition of the first-ever complete, illustrated retrospective of the band. Music journalist Neil Daniels relates the bands entire history and provides a complete, up-to-date discography, while respected heavy metal journalists and Iron Maiden experts, including Ian Christie, Martin Popoff, and Mick Wall, analyze the recordings. The stories behind the bands formation, roster changes, recordings through 2015s The Book of Souls, and tours through 2016 are complemented with nearly 500 images, including live performance and candid off-stage photographs, and memorabilia, including handbills, gig posters, backstage passes, buttons, ticket stubs, and, of course, Eddie, Iron Maidens iconic Derek Riggs-created mascot. This new edition of Iron Maiden is required reading for any heavy metal fan. The book covers the compilation From Here to Eternity (2011); the CD/LP/DVD/Blu-ray release of En Vivo! (2012); the Maiden World Tour (2012-2014) to North America, Europe, and South America; The Book of Souls album (2015); and the 2016 tour.
